RAIN REMEMBER !

Rain Remember!
You spoil the food we make
Don't you feel shame?
For the mistake you make!
When needed, you do not take a turn
And make us to commit suicide
You paralyze our crops and us too
What is there in your mind?
How we make crops to stand?
Don't you understand?

Rain Remember!
We deposit in soil
Is there any businessman going blind?
For many Indian farmers curry to make
Wives do not have oil
We do not take insurance of things
As cunning businessmen do!
As we fully trust on you
But, sometimes you fell as 'water'
And sometimes you fell as 'oil'
